By signing this form the Authorizing individual and the Employee (MEDIS Reportal User) acknowledge that any change in the Employee's status which would no longer require the Employee to access this confidential data must be reported by the Authorizing individual to James Stone either by phone or email. This is critical to ensure the protection of the data. Any attempt by the Employee to access this data after a status change can result in legal action being taken against them in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Security Rule.
